Oslo, 30st of April 2025

Information about price changes

The transport and logistics industry is currently facing significant cost increases. Turbulent times marked by high inflation, rising interest rates, and a shortage of drivers have created a challenging market environment with escalating prices and costs.

To ensure economic sustainability in our operations – and thereby maintain capacity, quality, and delivery reliability – it is necessary to adjust our prices in line with actual cost developments. This will enable us to continue providing stable and reliable services.

As a consequence of this, we will adjust our prices from 01.06.25.

The price change will be implemented as follows, unless otherwise agreed:

Land Transport in Norway and Europe

System and Direct products will increase by 3,9%.

Fees and extras will be adjusted individually. An overview of updated prices and lists of surcharges can be found at www.dbschenker.no from 01.06.2025.

Med vennlig hilsen
Schenker AS

Wolfgang Frank
Head of Land Transport
