COMPLIANT. RESILIENT. UNDER ONE UMBRELLA.

We are committed to providing logistic execution with patient safety and well-being at the center, while ensuring product integrity using enhanced E2E visibility and standardised processes.

COMPLIANCE

Compliance with Good Distribution Practices is our priority. Our Quality Management System is aligned with SAHPRA requirements and implemented in line with our DB Schenker GE24 Directive. Our experienced pharmacists will support in audits relating to road transportation done by DB Schenker.

OUR APPROACH

At the core of your supply chain, the patient is our priority. Our commitment: Your product delivered securely by our skilled, professional drivers - the final touchpoint for customer satisfaction and good health!
