DB Schenker Global Projects – Tailored for your projects
As pioneers of the future, we are always developing innovative solutions in the field of global logistics.

**DB Schenker Global Projects**

As global industries become more and more complex, industrial projects demand logistics experts with global experience. DB Schenker Global Projects has that expertise. With strategic bases worldwide, DB Schenker Global Projects provides the full range of freight management logistics. Whether you require fast deliveries or complex projects, we manage every detail to get your cargo to the right place, at the right time.

Our tailor-made logistics solutions serve a wide range of global industries, including:
- Energy Projects – e.g. Power Plants, Wave and Tidal Power, and Renewable Energies
- Oil & Gas and Refineries
- Chemicals
- Mining and Heavy Industries
- Civil Construction and Infrastructure Projects, e.g. Railways

To meet these challenges, our logistics experts with global experience ensure that your cargo is handled with the utmost care and quality service. Just to name a few.

With several years of experience in the transportation of Global Projects, we can ensure your cargo is handled with the utmost care and quality service. Just to name a few.
