- Only one single information that SEV is to be covered ensures Cargo Insurance for all your transports automatically. Insurance coverage cannot be forgotten.

Schenker Expedition Insurance? The best choice!

Risk	National Liability Belgium (= CMR)	Regular Cargo insurance	Schenker SEV according to the SEV terms and conditions
Loss/Damage of Goods	as per Carriers liability (Trucking 8,33 SOR/kg (around € 9,40))	covers declared value	covers declared value
Losses out of Delay	limited indemnification (our Freight Charges)	no coverage	automatically insured up to € 1Mio., max. twice the insured value
Cargo consequential loss	no liability - no Indemnification	not insured, insurance cover possible upon request and extra charge	automatically insured up to € 1Mio., max. twice the insured value
Pure financial losses	no liability - no Indemnification	not insured, insurance cover possible upon request and extra charge	automatically insured up to € 1Mio., max. twice the insured value

In practice:

Loss of goods	Without insurance coverage:	With SEV coverage:
Truck Transport Belgium- Hungary Weight: 500 kg Value: 100.000 euro	Indemnification 8,33 SDR/kg → around 4.700,00 euro	Indemnification → 100.000,00 euro + indemnification for financial and consequential damages Premium including tax for SEV Insurance Coverage: 96,33 euro!

Avoid underinsurance

Damage to the shipment is never pleasant. But when you are underinsured, you may be faced with unpleasant, unanticipated costs. To ensure that you are entitled to the maximum coverage for damage, we advise you to fill in the correct value of your goods. This can be done very easily online when registering your shipment via the eBooking tool. Don't hesitate because of the costs, we offer very competitive rates. Contact our customer service for more information.

Schenker NV Claim Desk

To be able to assist you as much as possible in case of damage, we have made the application process as simple as possible. You can digitally submit your claim to us via e-mail be.sm.anr.claims@dbschenker.com accomplished with the needed information. The speed of handling the claim is related to its complexity. Most claims are processed within 15 working days after notification. Schenker NV has access to all relevant information and communicates directly with the insurer. Claims can therefore be handled quickly and effectively.

More information about submitting a claim or the general conditions of the SEV can be found on our website http://www.logistics.dbschenker.be/log-be-en/products_services/land_transport/additional_services/insurance_land_transport/sev.html
