

DB SCHENKERskybridge.

The speed of **air** with the economy of **ocean**.

When you are working with a tight timeline – and a tight budget. DB Schenker's Skybridge solution is the best choice. By combining our optimal air service with our cost-effective ocean transit, your business will save both time and money. In fact, by using Skybridge, you can save up to 50% compared to air alone, and reduce your transit time by up to 15 days with standard ocean. Enjoy the best of both worlds!

Reduce Costs, boost timelines, it's that simple. With our Skybridge solution you can take advantage of our worldwide comprehensive network which provides superior reach and speed of delivery worldwide. You can enjoy all the benefits of DB Schenker ocean and air solutions. No matter what industry you are in, our customizable Skybridge solution is designed to fit your needs.

Our Complete Skybridge Product At-a-Glance.

- **Faster Service:** Cut your Ocean transit by up to 15 days.
- **Efficient Pricing:** Cut your Air freight charges by up to 50%.
- **Dedicated shipping:** Whether your cargo is big or small, you are shipping your freight by ocean or air, we have a variety of resources to ensure that there is plenty of space for your shipment.
- **Expedited Trucks:** Get your freight where it needs to go! Upon arrival, we offer expedited truck service from the port to its designated destination.
- **Distribution Services:** Our warehouses offer a same-day transfer to air carriers, sorting, shrink wrapping and many other value added services.
- **Customized Solutions:** Have a special request? Just tell us where you are shipping to and what your requirements are and we will find the right service at a price that fits.

DB Schenker.

Delivering **convenience, flexibility, reliability** and **value**.

For a complete door-to-door solution, we also offer:

- **Inland Transportation** – We'll get your international Air freight to your customer's door. DB Schenker provides maximum reach and speed throughout the United States, Canada and Mexico.
- **Customs Brokerage and Consulting** – Take advantage of our expertise to design a transportation solution that both complies with all regulations and proactively identifies opportunities to use Customs rulings to your benefit.
- **Dedicated warehousing and distribution** – Get your products to market faster using our supply chain services. A warehouse is an essential, yet expensive part of any supply chain. Make yours an asset rather than a cost.
- **Value Added Services** – DB Schenker will get your freight consumer-ready with services such as packaging, sorting, kitting or labeling.

Why choose DB Schenker?

Our Advantage	Your Benefits
Large network of global gateways and worldwide sailing schedules	Get connected to key markets around the world! We offer frequent and scheduled services to virtually every port in the world to help get your shipment to your final destination quickly and safely.
Advantage of air and ocean freight	Enjoy the speed of delivering by air service while reducing your freight costs.
Minimize storage costs	Save money by using our bonded container storage yard locations worldwide versus paying high port storage costs.
Introduce a new degree of flexibility	DB Schenker's West Coast Gateway and CFS-CY (Container Freight Station - Container Yard) enables you to manipulate inventory at our facility. DB Schenker Gateway Multi-modal Solution offers sort, pick-and-pack, quality control, Distribution Center (DC) by-pass, direct-to-store, inventory balancing and other valuable services.
Industry specific solutions	Our Skybridge product offers an exclusive box that enables clothing to be delivered without creases, dirt or dampness. Plus, the box can be refolded, reused and recycled.
Tracking and visibility	Gain peace of mind by tracking your shipment using our online tracking tools.

Ready for us to deliver?

We're always ready to deliver. Need a quote? Want to calculate your transit savings? Ready to request a pick up? Give us a call and we will show you how you can save time and money. We are able to fully control the quality of the transportation experience including the timing of delivery, and the provision of the necessary care and security to ensure your freight arrives safely and in pristine condition.
