

## Land transport solutions that keep your supply chain moving **without delay across North America and around the world.**

**You only have to make one call.** When you use DB Schenker, you benefit from customized supply chain solutions provided by a single source. Whether you are shipping Full Truckload, LTL or Intermodal shipments, our expertise and extensive geographic coverage give you options to move your freight within the US and across North America without delay. We maximize efficiency through best in class TMS and partner with quality compliant carriers to ensure your freight is handled right; tailoring to your needs with the best transportation solution. Plus, we offer complete track and trace capabilities that give you the visibility and monitoring you need to manage your freight every step of the way.

**Fast. Reliable. Easy. Flexible.** DB Schenker is a non-asset based logistics provider with the purchasing power of a global organization. Our expertise within North America and dedicated account teams specializing in land transport offer competitive pricing, book reliable carries, manage all regulatory requirements, and track your shipment. With our extensive North American network, you get the greatest value for your money – and the fast, high touch service every DB Schenker customer expects.

### Our complete Land Transport solutions at-a-glance

- **The right size for your shipment:** Full Truckloads, LTL and Intermodal options for any size shipment. We understand that every shipment is different and that your business needs specialized ground freight solutions that accommodate those differences.
- **Preferred carriers:** We source carriers real-time to meet your requirements giving you access to a qualified ISO network of approved contract and private carriers with available capacity on back haul lanes.
- **Leading technology:** Best in class TMS that keeps you in control of your shipments with real-time GPS tracking and offers web-based client access so you can quote, book and track your shipments and analyze carrier and client shipment data to optimize lanes helping you to plan more effectively and lower your costs.
- **North American geographic coverage:** We are your final mile delivery forwarder specializing in expedited ground and last minute bookings in North America. With over 140 locations in Canada, Mexico and the USA, we can integrate our ground freight offering with other modes of transport to provide a solution to meet your deadlines.

# DB Schenker **Land Transport solutions.** Reliably delivering **convenience, flexibility** and **value.**

**For a complete door-to-door solution, we also offer:**

- **Compliance:** Our expertise on the latest local and global trade regulations, customs and free trade agreements lead to cost savings, increased flexibility and better inventory velocity in your supply chain.
- **Value Added Services:** With available door-to-door solutions such as Dangerous Goods, Customs Brokerage, Risk Insurance and more, we cover the entire value chain.
- **Industry Experience:** We hold top positions in retail, electronics, consumer, automotive and aerospace. And it's all backed by over 140 years of logistics experience and 68,000 employees globally.
- **Affiliations:** As the world's leading global logistics provider, we're ISO9001:2009 Certified, Member of PIP (Partners in Protection), Smartway and CTPAT Certified, IATA Dangerous Goods, and more.

**Why choose DB Schenker?**

Our Advantage	Your Benefits
<b>Proactive Compliance</b>	Our supply chain experts proactively help ensure regulatory compliance on both sides of the border, including customs brokerage and FTZ options. We facilitate border crossing, track the freight and ensure delivery.
<b>Competitive Rates</b>	We offer highly competitive rates based on bulk purchases from our carrier partners. Plus, we can also use our scale to consolidate your deliveries, further reducing your costs while preserving a high level of service.
<b>Capacity and Execution</b>	We've got the bench and strength to get the job done. Our network of expert freight carriers can provide immediate capacity, contractual rates, and consolidation options to control cost whether you are moving loads just in time or have thousands of planned loads shipping annually.
<b>Dedicated Team</b>	DB Schenker provides a dedicated, experienced, multilingual account team to help you book your shipments and manage your land transport needs.

**Ready for us to deliver?**

**We're always ready to deliver.** Need a quote? Need a customized end-to-end solution to keep your Full Truckloads, LTL and Intermodal supply chain running? Learn more about what DB Schenker can do for you, your goals and your supply chain. Give us a call and we will show you how you can save time and money.
