A Metropolitan Area is defined as a post code that is difficult to serve. DB Schenker provides services in urban areas with difficulties to collection and delivery (driven by capacity, delivery problems or other local challenges (e.g. City toll)). for which an additional "Metropolitan Area" surcharge is applied to recover the additional costs incurred. The below is a list of postal codes where the surcharge applies. Please contact your local customer service representative if you require additional information.

A Metropolitan Area is defined as a post code that is difficult to serve. DB Schenker provides services in urban areas with difficulties to collection and delivery (driven by capacity, delivery problems or other local challenges (e.g. City toll)), for which an additional "Metropolitan Area" surcharge is applied to recover the additional costs incurred. The below is a list of postal codes where the surcharge applies. Please contact your local customer service representative if you require additional information.
