Exchange regulations

Schenker Switzerland AG

Regulations for non-exchangeable EPAL Euro pallets

A board is missing

A block is missing or split into such a way that more than one nail shank is visible

A bottom or deck board is splintered in such a way that More than one nail shank is visible

Twisted blocks must not protrude more than 10 mm

A board is broken transversally or diagonally

The marking on the right and the marking on the left are missing

Further features of poor general condition:

- The safe working load is no longer guaranteed (rotten and decayed, heavy splintering, damaged stringers)
- The pallet is contaminated in such a way that this may lead to the contamination of the payload
- Heavy splintering is visible on several blocks
- Unacceptable components have clearly been used (e.g. boards that are too thin, blocks that are too small)
